Experience & Professionalism

We have many years in the industry providing discos for all kinds of event - including hundreds of weddings. We have provided discos at the majority of the most exclusive venues across Bath and Bristol, and we are recommended suppliers to many of them.

Meetings & Discussions

If you are considering booking, your DJ will gladly meet with you to discuss your requirements. Perhaps you prefer to contact via telephone or email, which is also fine. When booking, we will provide you with a written contract. Once booked, you will be able to contact us right up to the day of the wedding. We will also contact and visit your venue beforehand.

About The Bath Wedding Dj

The Bath Wedding DJ was formed by myself - Richard Nicholson.

Having spoken with many couples wanting to book me for their wedding day, I came to realise there was a real requirement for a very personalised disco service for weddings.

The Bath Wedding DJ provides a DJ (myself) and a disco package consisting of modern high quality professional sound and lighting equipment, and music.

However, as to what the music and lighting are, that is up to you.

Lighting can be colour coordinated to fit with your wedding colour scheme. Perhaps you would like a very discrete disco setup, or perhaps you are wanting more of a night club style disco.

Maybe you have a seasonal theme in mind, like a Winter theme - blue colour lighting with snow flakes lit on the walls. Whatever you have in mind, I'm here to help provide you with your perfect personalised wedding reception entertainment.

congratulations!

BATH *wedding* DJ

Hello and welcome. My name is Richard - the Bath Wedding DJ.

The South West offers some of the most stunning and unique wedding venues in the country. In particular, Bath's Pump Room, Guildhall and Assembly Rooms.

Having been a professional DJ for many years, I have provided entertainment services for literally hundreds of weddings across Bath and Bristol. Now in my 30's and happily married myself, I understand the importance of personalising your wedding entertainment so you can enjoy your music and your preference in lighting ensuring that your special day is exactly the way you want it. I also understand the importance of meeting your DJ beforehand.

Therefore, I provide a free, no obligation meet at your home or venue to discuss your wedding entertainment. I'm happy to share some recent photos, videos and testimonials, and will even demonstrate some lighting effects including our extremely popular mood lighting service.

So, if you are planning on booking a disco for your wedding, please get in contact. I would be delighted to hear your wedding plans and hopefully we can arrange a meeting.

Best wishes,

Richard Nicholson

“ Rich,
Just a quick e-mail to say thank you for everything you did on Saturday. The lighting in the Assembly Rooms looked absolutely amazing and the music was brilliant. we had a wonderful time dancing, as did all our friends and we had a perfect day.

Many thanks,
Alex & Kate

”

“ Dear Richard,
Thank you so much for our evening entertainment on our wedding day. We appreciate your help with planning how to get the most out of the room with the lighting and we also appreciate your professionalism and helping to provide a great atmosphere with the tunes you played.

Thanks Again,
Rachel & Tim

”

“ Hi Rich,
Thanks for everything last night, we both thought the music and lighting were brilliant with the tunes you played. We would definitely recommend your services to anyone who is looking for a disco.

Cheers,
George & Fiona Feane

additional services

Early Set up

To reduce any disruption at your wedding reception, why not arrange to have the disco set up earlier in the day, for an instant switch from wedding breakfast to evening party.

Video Playback

To add your personal touch to your day, why not book our video playback system and show slideshows or footage from past and present. Depending on your photographer, we can even replay ceremony photos!

Extra Lighting

Why not enhance your venue further with our range of architectural lighting including uplighters which can be positioned around the venue, or even in the entrances, cake stand or gift table.

Ceremony Music

To ensure your ceremony music is played perfectly, why not have us provide a discrete high quality professional audio system and play your music as you walk down the aisle.

In addition to our evening entertainment package, our full day entertainment package includes your choice of background music, an early set up of equipment and the availability of wireless microphones for those all important speeches.

The Full Day Wedding Package

additional services

Dance Floor Hire

For an extra special touch to your evening entertainment, why not book an incredible starlit dance floor or perhaps a traditional wooden dance floor. Capture photographs of your first dance in style before sharing the floor with friends and family.

Delivered and installed before your guests arrive, our dance floors come in a range of sizes to suit your venue. Please get in contact to find out more.

Starlit Backdrops

Enhance the look of your venue with a twinkling backdrop behind the head table or dance floor.

Delivered and installed before your guests arrive, our quality starlit backdrops are an effective way to add the 'wow' factor to your wedding.

Confetti Cannons

Start your evening disco with a bang and a glittering of confetti, by booking some of our high quality confetti cannons.

mood lighting

BATH *wedding* DJ

Mood lighting is our most popular additional service. It can completely transform the look of your venue for the evening - illuminating it with your chosen colours.

Perhaps you wish to highlight architectural features, such as pillars and fireplaces, or you just want to fill the room with colour. Using LED technology, our uplighters generate no heat, making them perfectly safe for all your guests - including children.

Our mood lighting service is very competitively priced when booked to accompany your disco package. We have been providing mood lighting for a number of years now, and know exactly how best to set them up in your wedding venue.

If you are considering booking our mood lighting service, we are more than happy to visit you at your home or chosen venue to demonstrate the uplighters.

We can also advise you on the number of uplighters required to best light your venue.

what our customers have to say...

“ The mood lighting made the room exactly as I'd imagined it. No nightclub strobe feel, no dark disco room, just a spectacular party environment with just the right amount of mood lighting that allows for people to stay in the room and chat but does not take anything away from your fab laser lighting for those having a boogie. ”

Wedding at Coombe Lodge, Blagden

“ We had lots of comments on how good you were and we loved how you made the barn look, particularly with the mood lighting! ”

Wedding at Melbs Barn, Melbs

“ We have just received our photos and the lighting (especially the mood lighting) looked absolutely amazing. ”
